Job title	**Back-end Developer/UX Designer**
Company name	iDream Academy
Location	Allia Future Business Centre Peterborough
Start date	Immediate
Hours	Flexible
Contract	Placement – with a potential contract
Salary	Negotiable

Job description	**ROLE SUMMARY** As a Back-end Developer/UX Designer you will be responsible for server-side web application logic and integration of the work front-end web developers do, bearing in mind that we will be attempting to build the first version/prototype of the iDream Academy marketplace. This role will consist of the following: **RESPONSIBILITIES** (Typical activities and responsibilities include) • Participate in the entire application lifecycle, focusing on coding and debugging • Collaborate with Front-end developers to integrate user-facing elements with server side logic • Write clean code to develop functional web applications • Troubleshoot and debug applications • Perform UI tests to optimise performance • Manage cutting-edge technologies to improve legacy applications • Gather and address technical and design requirements • Build reusable code and libraries for future use • Liaise with front-end developers/designers and senior team to identify new features • Follow emerging technologies **ENTRY REQUIREMENTS** • Relevant GCSE's - English and Maths: Minimum grade C • Relevant experience in Back-end development, preferably in the corporate/entertainment industry

- Computer Science related degree

PREFERRED SKILLS

- Hands on experience with markup languages
- In-depth understanding of the entire web development process (design, development and deployment)
- Hands on experience with various programming languages
- Working knowledge of CMS framework
- Familiarity with front-end languages
- Familiarity with browser testing and debugging
- Understanding of layout aesthetics
- Excellent organisational and time management skills with the ability to multi-task
- Ability to work efficiently under pressure and to use own initiative
- Flexibility, reliability and punctuality
- Creativity, imagination and able to use own initiative
- Good teamwork, analytical and problem-solving skills
- Business awareness and a good knowledge of current affairs
