

Graduate Structural Engineer – Axiom Structures Limited

Job Type: Permanent

Required Qualifications: MEng Civil or Structural Engineering

Salary: Attractive Salary Package

Axiom Structures is a small niche Structural Engineering company focusing on good structural and civil engineering design for our clients. We work closely with Architects, Project Managers, Mechanical and Electrical Engineers and Developers to work as a team and solve construction related problems on a variety of building projects.

Our projects typically involve working on residential, commercial, educational and medical buildings located in and around central London with a construction value between £250k and £10 million.

Axiom Structures Limited was established by Chartered Structural Engineers, Alan Bowling and Andrzej Plocieniak at the beginning of 2015. As such, we are a young, friendly design office based near Borough Market, London Bridge. We work together within the office to solve problems often take part in social activities outside of work. More information about Axiom Structures can be found on our website – www.axiom-structures.co.uk

We are looking for a motivated graduate Structural Engineer to join our team. The right candidate will:

- be creative and practical;
- enjoy solving problems;
- be adaptable and persevering;
- be interested in using computers for design work, calculations, and testing designs;
- be able to produce neat and accurate technical drawings;
- be able to think in a methodical way to design, plan and organise projects;
- communicate well, work with other people and as part of a team;
- above all else, having a positive and proactive attitude with a willingness to learn and develop new skills.

They will be given guidance by a Project Director and Senior Engineer within the company you aim to become a Chartered Structural Engineer with the Institution of Structural Engineers.

For the role we are offering:

- A competitive salary
- Payment of professional subscriptions and training towards becoming a Chartered Engineer

Applications should include your CV and cover letter, which should be address to Alan Bowling and sent to office@axiom-structures.co.uk

The successful candidate must have eligibility to work in the UK.
